

JACKSONVILLE, ILLINOIS, SUNDAY MORNING, APRIL 1, 1906.

COURT REVIEW  
AMENDMENTAGREED UPON AT CONFER-  
ENCE HELD.Question Decided by President,  
Republican Senators Supporting  
Rate Bill and Interstate  
Commerce Commissioners.

Washington, March 31.—The court review amendment to the railroad rate bill was agreed upon today at a conference between President Roosevelt, several Republican senators supporting the bill and Interstate Commerce Commissioners Knapp and Prouty. It will be offered on Monday by Senator Long. It leaves to the decision of the commission when orders fixing rates shall take effect and limits suits to determination of whether the order complained of was beyond the authority of the commission, or in violation of the rights of the carrier, secured by the constitution.

Senators Allison, Cullom, Dooliver, Clapp and Long, Attorney General Moody and Interstate Commerce Commissioners Knapp and Prouty were called to the white house late this afternoon. Soon after they assembled the president submitted a court review amendment that was afterward endorsed by all present. A number of the conferees previously had seen the draft, but its authorship was not disclosed. The president announced that he had decided upon the meeting, because he desired to ascertain the present state of feeling of congress regarding the judicial review feature in the legislation. It was made clear that he had not changed his views regarding the pending bill, and similar stands were taken by the others. The president thought, however, that in deference to the large number of senators who honestly believed the bill without such a feature would be unconstitutional, the bill should be amended if it could be done without a surrender of the purpose of the legislation. This could be done, he believed, by the amendment which he then read. It proposed to strike out the paragraph at the bottom of page 11, and insert as part of section 16 the following:

"That all orders of the commission, except orders for the payment of money, shall take effect within such reasonable time as shall be prescribed by the commission and shall continue for such period of time, but not exceeding two years, as shall be prescribed in the order of the commission, unless sooner set aside by the commission, or suspended or set aside in suit brought against the commission in the circuit court of the United States, sitting as a court of equity for the district wherein any carrier plaintiff in said suit has its principal place of office, and jurisdiction is hereby conferred upon the circuit court of the United States to hear and to determine in any such suit whether the order complained of was beyond the authority of the commission or in violation of the rights of the carrier, secured by the constitution."

Discussion of the amendment continued for an hour or more. It was carefully analyzed to determine whether, under its terms, an order of the commission lowering a rate could be delayed in taking effect. Attorney General Moody and other lawyers pointed out that the discretion of the commission is absolute. Without declaring against restraining orders it makes it extremely doubtful whether a court would attempt to interfere with an order, except in the manner provided.

When the president asked whether an amendment of that character would be adopted by the senate, the senators present said they thought they could promise twenty-nine Republican votes for it, and that there is little doubt that practically the entire minority would support it.

It was agreed that the amendment should be offered as soon as possible. Senator Long had given notice that he would address the senate Monday, and therefore he was chosen to offer the amendment and speak upon it. He will say that the amendment meets the demands of those who have been opposing the pending bill on the ground that without provision for judicial review the measure is unconstitutional, and that it is satisfactory to the real friends of the bill. Others who participated in the conference have pledged themselves to support the amendment. They believe, if it is shown that there is a majority of the senate in favor of the measure amended as proposed, it will be adopted practically by the full vote of the senate.

## HOUSE.

This being war claim day in the house, only those directly interested in legislation on the private calendar were in attendance. The house, during the four hours it was in session, considered and passed 179 bills, many, however, sending the particular claims to the court of claims for adjudication.

## BISHOP SPALDING.

Peoria, March 31.—Bishop John Lancaster Spalding of the diocese of Peoria has returned after an absence of three months in the south in search of health. The bishop refused to discuss his alleged candidacy for the cardinalship. The bishop is greatly improved in health and

able to walk long distances, and expects again to take up active duties in the church.

## AMERICAN FIREARMS.

Washington, March 31.—Dispatches from Madrid announcing that rifles recently taken from the Catalanian Carlists are of a type used by the American government have caused no surprise in army circles, as there are hundreds of discarded rifles sold by the United States every year to dealers in second hand firearms, and these rifles might easily fall into the hands of revolutionists. It has been the practice of the United States army for years to sell antiquated rifles.

## FALSE PRETENSES.

Chicago, March 31.—William Schoeder, 77 years of age, a former instructor in Notre Dame university, declared to the police to day that he had, by false pretenses, been induced to deliver property in Missouri, Indiana, Michigan and Colorado, valued at \$5,000, to James L. Owe and Arthur Turpin in exchange for securities that are worthless. The two men were arrested.

## FEAR A MASSACRE.

Kiev, Russia, March 31.—Many Jewish families are leaving Kiev, frightened by rumors of a massacre Easter. The authorities announce they have taken every precaution and at the first sign of trouble troops will be employed to restore order.

## CANDIDATE CHOSEN.

East St. Louis, March 31.—Judge A. K. Vickers, of Vienna, Ill., was today chosen by the district executive committee to succeed the late Judge Charles W. Thomas as Republican candidate for the supreme court from the first supreme judicial district.

## SENATOR FORAKER

Replies to Ohio Legislature Re-  
garding Question of Rail-  
road Legislation.

Columbus, Ohio, March 31.—A letter from Senator Foraker, replying to its joint resolution regarding Ohio's representatives in congress to vote for the bill conforming to President Roosevelt's views on the question of regulating railroad freight rates, was received by the Ohio general assembly today.

Senator Foraker in his letter, after fully explaining his position on the rate bill, declares that the general assembly has relieved him of all embarrassment in his position on the rate question by having passed a rate regulation bill, "providing for full and complete review in the courts of orders of the commission," created by the Ohio law, and that he feels confirmed in his opinion that it is his duty to insist upon such amendments to the Hepburn bill as a condition precedent to support it. By way of supporting his position Foraker says:

"I call attention to the fact that the president, in his message of Dec. 6, 1904, recommended that the commission (interstate commerce) should be vested with power, where a given rate has been challenged and after a full hearing found to be unreasonable, to decide, subject to judicial review, what shall be a reasonable rate to take its place; the ruling of the commission to take effect immediately and to obtain unless and until it is reversed by the court of review."

He also quotes from speeches of Secretary Taft in the line. He concludes:

"I have been hoping that in some form or other this kind of legislation, which could not prove otherwise than effective, may be enacted; but assuming that the Hepburn bill in some form would pass and become law I shall consider it my duty to do all in my power to make it constitutional, workable, and effective measure. My oath of office requires that, and I would not only violate that, but also my duty to my constituents and the whole country if I were to do otherwise than follow its requirements."

## DISORDERS

St. Petersburg, March 31.—Agrarian disorders are reported at various places. Near Anatolievka, province of Kherson, a collision has occurred between the rural guards, armed with a machine gun, and a crowd of peasants, who had begun to seize and to plow property belonging to landlords. A score of peasants were killed or wounded. In the Chornogor province the peasants are boasting that they intend taking possession of the land, and the governor has received instructions from the minister of the interior, Durnovo, not to spare the troops in suppressing an outbreak. In the province of Vitebsk the peasants have risen and a punitive detachment is marching through the country.

## HAD NO OPPOSITION.

Jefferson City, Mo., March 31.—Dorsey W. Shackelford, present congressman from the Eighth district, had no opposition at the Democratic primaries to day. The nominating convention will be held on June 5th.

## GERMAN STATESMAN DYING.

Berlin, March 31.—The minister of public works, General von Binde, is reported dying of cancer.

SUSPENDING  
OPERATIONSANTHRACITE MINERS ARE  
OBEYING ORDERS.No Demonstrations Made at Any  
Workings—Statement by Baer  
—Reports From Various Min-  
ing Sections.

Philadelphia, Pa., March 30.—When the mine workers of the anthracite field finished their week's work at noon today there was every indication that the order of the miners' scale committee suspending operations, pending the result of next Tuesday's conference with the operators, would be generally obeyed. Reports from every district received here to night are to the effect that a large majority of the mine workers intend to remain away from the workings until further instructions are received from President Mitchell and the members of the scale committee. In the lower field, comprising Collier in Schuylkill county, some indication on the part of the men is reported and the impression prevails that sufficient mine workers will return to work Monday to permit the operation short-handed of a number of collieries. But the fact that in the vicinity of Mahoning City and Shamokin hundreds of men failed to report for duty today is regarded as evidence that there will be a complete suspension of mining throughout the entire anthracite territory. The men left the mines to day as usual, making no demonstration at any of the workings. During the afternoon many miners in various towns congregated to discuss the situation, but there was no disorder.

The lead taken yesterday by the Delaware, Lackawanna & Western Railroad company in posting notices announcing the continuation of the strike commission's award for the ensuing three years, was followed to a large extent today by other operators, especially in the northern field.

The most important feature of today's developments in this city was a conference between A. J. Cassatt, president of the Pennsylvania Railway company, and George F. Baer, president of the Reading company. Neither Baer nor Cassatt would discuss the subject of their conference. Baer stated, however, that the Reading company would probably keep its collieries open Monday in order to give miners who so desire an opportunity to go to work. Baer stated, also, that it was the intention of the Reading company to continue the existing coal prices. He said the company would make every effort to discourage speculation on the part of retail dealers and declared that charging exorbitant prices by retailers would result in the cutting off of their supply. The stock of coal on hand, he said, in event of a strike, would be judiciously distributed, special attention to be given to municipalities, institutions and industrial establishments. While the company's reports of anthracite operations for March have not yet been completed, it is believed the production will break all records.

## KEEP MINES OPEN.

Tarazana, Pa., March 31.—The Lehigh Coal & Navigation company, which operates fourteen collieries in the Panther creek valley and employ between 6,000 and 7,000 hands, will have its mines and breakers open to all men and boys who desire to work Monday. All independent operators in this section will take the same action.

Shamokin, Pa., March 31.—All Reading, Pennsylvania and Lehigh companies' mines, as well as those of individual operators, will be open in this section Monday for operation if the men report for work. The United Mine Workers, however, do not expect enough non-unionists to assemble to operate any one colliery.

## NO STRIKE IN KENTUCKY.

Louisville, Ky., March 31.—The miners and operators of western Kentucky have reached an agreement on the wage scale and there will be no strike in this district. The agreement is for the 1903 scale, with the conditions of that time. The scale is 82½ cents a ton and 25 cents an hour for all other labor.

## KANSAS MINES.

Pittsburg, Kan., March 31.—All coal mines in the Kansas district closed down this afternoon, not to work again until agreements are reached between miners and operators. There are 150 mines in the district, employing 10,000 union miners. All these will be idle pending settlement.

## WAR IS NOW ON.

Columbus, Ohio, March 31.—The peace conference is now over and the war on is. Is the declaration made by John H. Winkler, president of the operators' organization, to day. He insisted that a majority of operators oppose the increase in wages and said they expect to stand out.

Reports from various mines in Ohio show that suspension of work was accomplished without unusual incident and in general. It is the belief that the operators will sign the 1903 scale.

## SENATOR ALGER ILL.

Detroit, Mich., March 31.—The News-Tribune says Senator Alger is seriously ill at Atlantic City, N. J., but his physicians say the senator's condition is not dangerous.

## MURDER AND SUICIDE.

Ord, Neb., March 31.—Joseph Erlan, a former living 100 miles from here, killed his wife and himself by shooting yesterday. Erlan was a blacksmith.

The annual indoor meet between Illinois college and the Y. M. C. A. was held in the Y. M. C. A. gymnasium Saturday evening, and Illinois college was victorious by a score of 51 to 13. The contest was a hard fought one in a number of events and the greatest enthusiasm prevailed on the part of the supporters of the two teams, who crowded all the available space of the gymnasium floor and the gallery.

## RECALL OF STORER

Wife of Retiring American Am-  
bassador Talks of Con-  
tro-  
versy Aroused.

Vienne, Austria, March 31.—Mrs. William Storer, wife of the retiring American ambassador, has reconsidered her decision to maintain complete silence in regard to the controversy aroused over her husband's recall. In the course of an interview to day with the Associated Press she said:

"After consideration and following the advice of my friends, particularly the Marquis de Reversaux, the French ambassador, I have decided formally to deny that I ever abused a letter of President Roosevelt, as has been asserted. The president has never written me on the subject of Archbishop Ireland, except in a letter last December upon another subject. Roosevelt, when governor of New York, wrote me a letter in 1900, to which the report presumably alludes. This letter was written me so that I might show it to Cardinal Rampolla, then papal secretary of state, in order to convince the Vatican of the friendly attitude of prominent Americans toward Archbishop Ireland's policy. It was all done to help our government in its relations with the Philippines. I sent Cardinal Rampolla a copy of only half of the letter, because the other half was purely personal. That is all I wish to say about the matter. Neither my husband nor myself are going to indulge in recriminations against the president. We will wait and see what the authorities at Washington think is right to publish about the matter. If they publish their reasons for the recall of Storer, we have many proofs of the right being on our side."

## BOND PROPOSITION

Cleveland, Ohio, March 31.—A call was issued today for a meeting of the shareholders of the Aurora, Elgin & Chicago Railway company at Chicago on June 2 next, to vote upon a proposition to issue bonds to the amount of \$25,000,000. The purpose of the bond issue is set forth as being for the employment of the proceeds, arising therefrom for the completion, improvement and operation of existing lines owned by it. Coupled with the notice is another calling upon the shareholders to pass upon the proposition to enlarge the scope of the present charter so as to empower the company to build and operate other than existing lines, presumably with a view to the acquisition of the Rockford & Interurban lines, which, with extensions now building or projected, would give the company a network of lines covering practically all of northern Illinois and southeastern Wisconsin.

## A NEW SCHEDULE.

Kansas City, March 31.—The Missouri & Kansas Telephone company put into effect at midnight to night a new schedule of toll rates, making an average reduction of 15 per cent in the two states named. 2,500 cities and towns being benefited. Within six weeks the reduction will be extended to reach all Bell telephone stations in Illinois, Iowa, Indian Territory and Nebraska.

## TENNENT INDICTED.

St. Louis, March 31.—The February grand jury made its final report to day, returning an indictment against John Tennent, Sr., president of the defunct Tennent Shoe company. Tennent is charged with having obtained \$75,000 on false pretenses made to the Franklin bank, Feb. 7, 1905.

SUCCESS OF  
CONFERENCEBROUGHT GREAT RELIEF  
TO ENGLAND.Moroccan Question of Serious  
Misgivings for Peace of Eu-  
rope—Satisfactory to Both Ger-  
many and France.

London, March 31.—Although anticipated for a fortnight, the successful outcome of the Algeiras conference brought great relief to England, as during the past year the Moroccan question was the only one causing serious misgivings for the peace of Europe.

The agreement is considered to be a victory for France, who retains the preponderance of influence in the financial affairs of the empire and loses little of what she demanded with respect to policing the country, for with the majority of the powers supporting her policy, the diplomats at Tangier are not likely to interfere much with the Franco-Spanish officers. While Great Britain opposed the conference until France had agreed to it, it is now realized that the meeting served useful objects in cementing the Anglo-French entente and dispelling the belief held in many continental capitals that Great Britain would only support her friend when it was to her own interest. On the other hand it assured Great Britain that she is not involved with a dangerous, aggressive power.

As for the future, the foreign office is not so optimistic. Officials looking upon the agreement as merely a temporary relief. It stops aggressive action, but does not prevent interested nations continuing to strengthen their positions until either they are strong enough to take without policy what it failed to secure through diplomacy. It is not believed Germany will give up her effort to obtain a footing in the Mediterranean.

AS FOR THE FUTURE, THE FOREIGN OFFICE IS NOT SO OPTIMISTIC. OFFICIALS LOOKING UPON THE AGREEMENT AS MERELY A TEMPORARY RELIEF. IT STOPS AGGRESSIVE ACTION, BUT DOES NOT PREVENT INTERESTED NATIONS CONTINUING TO STRENGTHEN THEIR POSITIONS UNTIL EITHER THEY ARE STRONG ENOUGH TO TAKE WITHOUT POLICY WHAT IT FAILED TO SECURE THROUGH DIPLOMACY. IT IS NOT BELIEVED GERMANY WILL GIVE UP HER EFFORT TO OBTAIN A FOOTING IN THE MEDITERRANEAN.

ASSAULTED ON  
SOUTH MAIN STREETW. E. Mann Attacked and Giv-  
en Severe Beating While En-  
route Home—Police Working  
on Case—Assaulters Escape.W. E. Mann, who lives on South  
Main street between Pennsylvania  
and Greenwood avenues, was assulted  
by two unknown men Saturday  
night at about 11:45 o'clock in front  
of Haxby's grocery store on South  
Main street. He was considerably  
beaten up, especially about the head  
and face, and was for a time un-  
conscious. When he regained his  
senses his assailants had disappeared,  
and he has only a slight recollection  
of their appearance. He can attrib-  
ute no cause for the attack, as evi-  
dently no attempt at robbery was  
made.

Mr. Mann had missed the last car south  
and was walking down Main street when  
he was accosted by two men. At the time  
he was in front of Haxby's grocery, and  
the others were in front of Hall Bros.  
establishment. Without any warning they  
rushed toward him, and he was hit on the  
head and face with a brick. He fell  
backward, and then kicking him, inflicted  
wounds on both sides of his head.  
He remained unconscious for some time,  
and when he awoke he found himself

## CONCRETE WORKS

Many Handsome and Useful Articles Produced.

Saturday morning a Journal reporter had the pleasure of a visit to the concrete works of Otis Hoffman on the north side of the Wabash tracks between North Main street and North East street. The great improvements made in that line of work are really remarkable. The new styles of concrete blocks which have become so popular for foundations and walls are made this year in a better and more artistic manner. Then several articles have been added. A fine line of wall and face brick is now turned out and while as ornamental as the ordinary pressed brick they are far cheaper. Another new article is a porch column in various sizes which is simply beautiful; chimney tops, suitable for all that part of a flue extending above the roof. With one of these a person would never have the expense of overhauling a chimney which is such an expense and trouble. Handsome globes for tops of gate posts and other places are among the articles produced at these works and are attractive. Common foundation blocks for corn cribs and woodsheds are cheaper than stone and always available. Mr. Hoffman also gives special attention to all kinds of concrete walks, which he constructs at the lowest prices and in the best manner. He is a thoroughly reliable gentleman and his productions are well worth investigating.

## PRACTICE PIANOS.

A common opinion among people who are giving their children piano instruction is to let them practice on an old piano. That is a big mistake. Train your child's ear to the proper kind of music. Don't let them practice on an old piano. Get one of our's. Practicing doesn't affect them. They are the lasting kind. Bruce & Co., 333 West State street.

## THE JOY OF SPRING IS

Coming and With This Joy Comes the Worry of House Cleaning.

Let us help you to lighten this heavy burden. This is the way we do it: We take your carpets up from your floors and clean them thoroughly, while you are washing the wood-work. Then we return your carpets and lay them for you. We clean your carpets more thoroughly than can possibly be done by hand, and our machine is easier on the carpet. Cutting up carpets and making them into rugs, as we are doing all the time, has given us an insight into their texture, and we know how to get at them to clean them without injury.

We have woven thousands of rugs and have made the texture of rugs a study, and we are making all kinds of rug cleaning a specialty.

Having purchased the Star Carpet Cleaning Works, we will appreciate the patronage of their regular customers, along with the new ones we expect to reach.

We have both telephones and would be pleased to talk with you, and give estimates on your carpet and rug cleaning, and rug weaving.

Remember, Moore is the name—the Moore you say it the Moore like you are to remember Moore.

His appearance looked more good than the advent of any individual in this territory for many years and his continued presence will add more to the happiness of the community than can well be expressed in a short time. He was watched affectionately by thousands all day for he was strange to everyone. Reference is made to the sun.

Especially in view of the Carnegie offer is he anxious to increase the number of friends at this time. He proposes to find 1,000 friends who will make possible the \$75,000 needed to meet the Carnegie offer. It is his hope to find friends who will contribute amounts ranging from \$10 to \$5,000.

#### ARTS AND CRAFTS EXHIBIT.

The Art Association has arranged to hold an arts and crafts exhibit at the public library, beginning Tuesday April 24, and continuing throughout the week. It is the aim to make it pre-eminently an educational affair. All pupils of the schools of the city will be admitted free at specified times, with their respective teachers. The nominal fee of ten cents will be charged to the public to meet necessary expenses.

#### DO YOU BELIEVE IN REPROBITY?

If Jacksonville people believe in looking after those things which tend to help Jacksonville and her citizens, it would be well to see that laundry work is not sent out of the city. The Harms laundry on South Sandy street is one of the most modern equipped laundries in the state. Every piece of machinery is new and up to date and Mr. Harms has in his employ from twelve to twenty people all residents of Jacksonville. Your laundry work done here will be done just as well as you can get any place in America and your money spent here means more work for Jacksonville people. Is this not a reasonable proposition? Place a trial order.

### MAYOR DAVIS MAY

#### BE CANDIDATE

For Legislature—New Alignment in District Composed of Sangamon and Morgan County—Dr. J. C. O'Connor Will Run for Senate.

An unexpected move on the political checker board was made Saturday, and as a result Mayor John R. Davis may become a candidate for the state legislature. Since the withdrawal of H. M. Tieknor as a candidate for senator the plan to give Sangamon county the two representatives and Morgan the senator has been unsuccessful. Owing to the failure of Morgan county to produce a candidate for the state senate it was decided at a recent conference to change the original plan and give Sangamon county the senator and one representative and Morgan county the other representative. In pursuance of this plan Dr. J. C. O'Connor, of Sangamon county, who had filed a petition for representative, will withdraw his petition and become a candidate for the senate. Charles Platt, the running mate of Dr. O'Connor, of Sangamon, will continue in the race for member of the lower house and Morgan county will be given the opportunity of furnishing the other candidate for representative. As soon as this new arrangement was made known the name of Mayor John R. Davis as a candidate for the house was heard. His friends are urging his candidacy and while he has not expressed a willingness to allow his name to be used it is believed he will yet yield to persuasion and enter the contest.

The other name heard in connection with the candidate for state representative is that of J. D. McLain, of Meredosia, who was spoken of weeks ago as a candidate for the house when it was expected one of the representatives would come to Morgan county.

With this new alignment there seems every probability of a lively contest for the state legislative honors in this, the Forty-fifth senatorial district.

## HANDSOMELY REMEMBERED

Employees at C. P. & St. L. Shops Presented M. D. Stewart Retiring Superintendent With Gold Watch—Gift to Mrs. Stewart.

M. D. Stewart, the retiring superintendent of motive power and equipment for the C. P. & St. L. road, with headquarters at the local car shops was presented with an elegant gold watch Saturday by the employees of the Jacksonville car shops.

At 4:30 o'clock work was stopped and all the employees assembled in the boiler shop and after the arrival of Mr. and Mrs. W. E. Killen and Mrs. Stewart, unbeknown to Mr. Stewart, he was called from his office to the boiler shop and entered the door amid the applause of the men there assembled. Not realizing what was up he was met at the door by Thomas Hughes, who escorted him to a place on a platform which had been erected for the occasion. Mr. and Mrs. Killen and Mrs. Stewart were also given places on the platform after which Thomas Hughes who acted as master of ceremonies, said:

"Ladies and gentlemen and fellow workers: This is an embarrassing position to be placed in, but my spirit is willing although the flesh is weak. All of you are aware of the purpose of this gathering, I suppose, except one. A committee of one man from each department was chosen recently in anticipation of this gathering, and I was unlucky enough to be made chairman. The chairman is not supposed to make a speech, however, for the committee has very wisely arranged for that important part, and I take great pleasure in introducing to you Mr. T. C. Rogerson, our general foreman."

Mr. Rogerson stepped on the platform and said: "Ladies, gentlemen and fellow employees: The employees of the Jacksonville shops have assembled here this afternoon to pay their respects to their retiring superintendent of motive power and equipment. Mr. Stewart, it is with deep regret that we lose such a good man as you have been. You have worked hard for the C. P. & St. L. company and all its employees. We all hope that yourself and family will always have a warm spot in your heart for Jacksonville and your many friends and associates, who have worked with their shoulders to the wheel of the C. P. & St. L. Now, in behalf of the employees of the Jacksonville shops, I take great pleasure in presenting to you a slight token of remembrance. We hope that you will wear it with pride and every time you look at it will bring back many pleasant recollections. I now present to you this watch."

Mr. Rogerson then in a few words presented Mrs. Stewart with a solid silver gravy urn.

Mr. Stewart, somewhat over his surprise by this time, in a few well chosen words, thanked the men for their kind remembrances and thanked them for the hearty co-operation he had received from them during his work in this city. In closing he introduced to the men their new superintendent, Mr. A. L. Rosseter.

Mr. Rosseter spoke to the men saying that he hoped the same feeling would be toward him as had been to the retiring superintendent, and that he would try and follow the plan of work which Mr. Stewart had carried out.

Before the men dispersed Mr. Killen was called on for a speech and he spoke for a few moments to the men, after which all departed for their homes.

Mr. Stewart and family will leave Sunday for Chicago and Mr. Rosseter will enter upon his duties Monday morning.

Mrs. J. M. Beerup, the East State street milliner, has on exhibition a full line of up-to-date spring millinery, suitable for both old and young, with prices, quality, style and workmanship to please the most fastidious.

## GOOD ROADS WAS THEIR SUBJECT

Initial Meeting of Road District Commissioners and County Board—Many Addresses Made—Plan for Fall Meeting.

In response to a call issued by the county commissioners a meeting of the road commissioners and clerks of the county convened in the circuit court room Saturday morning at 10 o'clock. Commissioner George Detrick called the meeting to order and in a brief speech nominated C. V. Berryman for chairman. Mr. Berryman was the unanimous choice, and upon taking the chair made a brief speech, explaining the purpose of the meeting. J. F. Ginders was then chosen as secretary.

Interesting addresses were made as follows:  
"Origin of the Common Road"—Mr. C. J. Sanders.  
"Grading Roads"—A. N. Hall.  
"Grading and Grading Roads"—J. W. Moore.  
"Drainage and Working Roads"—Mr. Samples.  
"Working Roads"—Mr. McGinnis.  
"Drainage Show Out of Roads and Tilling Hills"—J. J. Clary.  
"Tilling Roads"—J. A. Smith.

Another session was held in the afternoon, beginning at 1 o'clock. James McEllen read a paper on "Tilling," after which a letter from A. N. Johnson, state highway engineer, was read. He expressed his regret at being unable to be present, but was glad the commissioners had taken up the question of good roads, and urged the use of the ax.

A letter from the attorney general was read, in which he gave his opinion on the reporting of county books. That the district commissioners should report same where cost did not exceed \$100.  
Mr. Kinney spoke of road betterment, and advocated tilling, drainage, and discussed the road tax. Messrs. McCurdy, Turner, Irlam and Henry also spoke along this line, advocating the drainage of roads and suggesting improvements.

On motion it was ordered that the county board ask the state board of highways to meet with the commissioners and clerks this fall.

Mr. Welch of the Commercial Steel Company made a brief address, after which the meeting, on motion, adjourned.

## S.S.S. FOR THE BLOOD

The purifying action and curative properties of this great remedy have made "S. S. S. For the Blood" a household name, and thousands who are today enjoying perfect health owe their recovery from blood or skin diseases to this universally used blood medicine. "S. S. S." is made entirely from roots, herbs and barks which possess not only cleansing and healing ingredients, but building-up and strengthening properties to keep the blood in perfect order. No one can be well when the blood is impure; they lack the energy and strength that is natural with health, the complexion becomes pale and sallow, the vitality is weakened and they suffer from a general broken down condition. When the waste or refuse water, which nature intends shall be thrown off, is left in the system because of a sluggish, torpid condition of the expelling members, it is absorbed into the blood, making this vital stream weak, sour and acid, and its condition is manifested by boils, pimples, rashes, blotches and other eruptions of the skin. "S. S. S." goes into the circulation and removes every particle of blood tainted or poison of every character, makes the blood fresh and strong and gives energy to the entire body. When the blood has been cleansed by "S. S. S." all skin diseases and eruptions pass away and the smooth, clear skin, glowing with health, shows that the body is being nourished by rich, pure blood. Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Contagious Blood Poison, etc., are all deep-seated blood disorders, and for their cure nothing equals "S. S. S." It does not injuriously affect the most delicate parts of the body and can be taken with perfect safety by old or young. Book on the blood and any medical advice desired without charge.
